

What you will learn

Session 1: Confused?

- Your journey as the parent of a bright but struggling learner
- The role of confusion in a learning difficulty such as Dyslexia & ADHD
- The Davis "Release" Procedure

Session 2: Gifts and Problems

- The talents that go with learning difficulties
- How can a talent cause a problem?
- Word thinking and picture thinking

Session 3: How do dyslexics think and learn?

- The concept of 'disorientation' and its role in a learning difficulty
- The problem with 'if'
- The Davis "Create-A-Word" procedure

Session 4: Learning for Picture Thinkers

- Visualisation for reading comprehension
- Punctuation as a reading skill
- Retention of what has been read
- Why Clay?
- The Davis "Picture-At-Punctuation" and "Symbol Mastery" techniques

Session 5: Going Deeper

- "Picture-At-Punctuation": fiction and fact
- Dictionaries: their power for picture-thinkers
- "Symbol Mastery" on subject-specific vocabulary
- Picturing technical definitions

Session 6: Pulling it all together

- Comprehensive course review
- Creating a complete support strategy for your bright but struggling child

Find out why the little words like 'if' trip up
your bright yet struggling learners,
yet words like tyrannosaurus
are so much easier!
Learn what to do.
